

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 99-634

April 11, 2002

CCME, Inc. d/b/a/ Connect!
Petition for Finding of Public
Convenience and Necessity to
Provide Facilities-Based and Resold Local
Exchange Telephone Service

ORDER GRANTING AUTHORITY
TO PROVIDE LOCAL EXCHANGE
SERVICE AS A RESELLER AND
APPROVING SCHEDULE OF RATES
AND TERMS AND CONDITIONS

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

In this Order, the Commission grants CCME, Inc. d/b/a/ Connect! (CCME or Company) the authority to provide competitive local exchange service as a reseller in the State of Maine and approves the Company's Terms and Conditions and Rate Schedules. We also exempt CCME from the requirements of Chapter 210, *Uniform System of Accounts*, and of 35-A M.R.S.A. §§ 707 and 708, subject to the conditions described below.

I. APPROVAL OF APPLICATION TO SERVE

On September 13, 1999, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, CCME, Inc. filed a petition with the Commission requesting authority to provide facilities-based and resold local exchange telephone service in Maine. Before we grant approval under section 2102 for another public utility to provide service, 35-A M.R.S.A. § 2105 requires us to find that the public convenience and necessity require another utility to provide service in a location where utility is already authorized to provide, or is providing, the same or similar service.

47 U.S.C. § 253(a), enacted by the Telecommunications Act of 1996, states:

(a) In General. No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunication service.

47 U.S.C. § 253(b) states, however:

(b) State Regulatory Authority. Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers.

We find that granting CCME the authority to provide local exchange service in Maine will not impede the preservation or advancement of the public interest goals or policies stated in section 253(b).

CCME's application provides reasonable information indicating that its financial and management capabilities are adequate to provide local and interexchange services in Maine.

II. SERVICE TERRITORY

CCME initially requested authority to provide facilities-based local exchange service throughout the state. It recently has agreed that its authority at this time shall be limited to resale. CCME states that it will offer service as a reseller of local exchange service provided by other authorized local exchange carriers (LECs). We define local resale as the offering of local exchange service purchased from another competitive local exchange carrier (CLEC) pursuant to 47 U.S.C. § 251(b)(1) or from an incumbent local exchange carrier (ILEC) at a wholesale discount pursuant to 47 U.S.C. § 251(c)(4). The purchase of unbundled network elements from an ILEC and their use in providing local exchange service is facilities-based service and is not resale. CCME's authority to provide local exchange service is limited to resale unless it obtains further authorization from the Commission.

If CCME wishes to expand the scope of its authority in the future to provide facilities-based switched local exchange services, it must seek approval pursuant to 35-A M.R.S.A. § 2102, requesting the Commission to amend this Order. Any such request must specify the specific exchanges where it proposes to offer service and include information establishing a readiness to provide facilities-based local exchange service within six months in the specifically identified areas. The Commission will act expeditiously on any such application and revisions of Terms and Conditions.

III. APPROVAL OF TERMS AND CONDITIONS AND RATE SCHEDULES

We allow the terms and conditions proposed by CCME in its proposed tariff ME P.U.C. No. 1 to go into effect. As agreed by CCME, we do not approve its proposed tariff ME P.U.C. No. 2, for Switched Access and Dedicated Telecommunications Services, because CCME cannot offer those services without facilities-based capability or authority. In ME P.U.C. No. 1, CCME used the Commission's standard terms and conditions that comply with Maine law and the Commission's Rules. We have reviewed those Terms and Conditions and Rate Schedules, and they appear to comply with Maine law and the Commission's Rules. Nevertheless, if there is any conflict between a provision in CCME's Terms and Conditions and the Commission's Rules or a statute, the rule or statute will control. Included in the Terms and Conditions is a provision stating that in the event of such a conflict, the statute or the Commission's Rule will control.

In general, the Commission believes that a competitive telecommunications market results in services and rates that benefit the public. We believe that the acceptability of CCME's services and rates in the market place provides an adequate test of the reasonableness of the Company's rates. Accordingly, we allow the rates proposed by CCME to go into effect.

IV. INTERCONNECTION AGREEMENT(S)

In order to provide local exchange service, a CLEC must, as a practical matter, obtain an interconnection agreement with the ILEC(s) providing service in any area where it intends to provide service. In the absence of such an agreement, it will not be possible for CCME's customers to call customers of the ILEC(s), and vice versa. Interconnection agreements are governed by 47 U.S.C. § 252, and must be approved by this Commission.

If a CLEC makes a bona fide request for an interconnection agreement with an ILEC that is a "rural telephone company" as defined in 47 U.S.C. § 153 (37), the "rural exemption" of 47 U.S.C. § 251 (f) will apply. All of Maine's independent incumbent local exchange carriers are "rural telephone companies." A rural telephone company is not required to negotiate an interconnection agreement or provide interconnection until after the Commission, pursuant to 47 U.S.C. § 251(f)(1)(B), finds that the requirement "is not unduly economically burdensome, is technically feasible, and is consistent with [the universal service provisions of] section 254" Although the service territory we grant today is statewide and CCME's terms and conditions do not limit its service territory, as a practical matter CCME cannot offer local exchange service in the service territory of a rural ILEC until such time as that ILEC's rural exemption is terminated.

On April 30, 1999, in Docket No. 99-220, the Commission approved an agreement between CCME and Verizon pursuant to 47 U.S.C. § 252. As a condition of providing local exchange service, CCME must comply with the terms of any interconnection agreements that it has reached with any ILECs and that have been approved by the Commission.

V. WAIVERS; REPORTING REQUIREMENTS

As a condition of providing local exchange service, CCME must comply with the terms of any applicable Commission orders or rules that may govern local interconnection and compensation for interconnection. CCME shall also comply with any applicable Commission Rules or orders that govern universal service, public safety and welfare, service quality and consumer rights.

Although CCME has not requested a waiver from the requirements of Chapter 210 of the Commission's Rules, which governs telephone utility accounting, and from 35-A M.R.S.A. §§ 707 and 708 which govern reorganizations and affiliated interests, the Commission has the authority to grant such waiver on its own motion. Because CCME's rates and operations are likely to be subject to market forces, we do not see

any present need to subject the Company to those requirements. However, CCME must report its annual intrastate gross operating revenues and its annual intrastate minutes for use for the purpose of determining its regulatory assessment, and such other information requested by the Commission.¹ If CCME resells service to other telephone service providers, the Company must maintain its records so that it may separately identify those sales.

In addition, CCME shall inform the Commission of any changes to its corporate structure and ownership and of any changes in the name under which it does business, as set forth in Ordering Paragraph No. 3. If necessary, it shall also refile its rate schedules and terms and conditions to reflect its new identity.

VII. OTHER REQUIREMENTS

CCME shall comply with all applicable rules of the Commission and statutes of the State of Maine, including the customer notification rule described in the ordering paragraphs below.

VIII. ORDERING PARAGRAPHS

Accordingly, we

1. Grant, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, the request of CCME to provide competitive local exchange telephone service as a reseller in the State of Maine;
2. Exempt CCME from the requirements of Chapter 210 of the Commission's Rules, except that it must report the revenue and minutes of use information that is requested by the Commission, on or before April 1 of each year;
3. Exempt CCME from approval requirements of 35-A M.R.S.A. §§ 707 and 708, but CCME shall provide notice to the Commission of any reorganization, as defined in 35-A M.R.S.A. § 707 (1)(A), that results in a merger, sale or transfer of a controlling interest of CCME or of any entity that owns more than 50% of CCME. The notice required by this subsection shall be filed within 10 days following any reorganization described herein. CCME shall also provide notice of any other changes in the name under which it does business (d/b/a), any change of the location of its business office, and any change of its contact person. CCME shall provide the Administrative Director of the Commission with notice of any of the changes described within 30 days following the change. If necessary, CCME shall amend its rate schedules and terms and conditions to reflect any change in identity; and

¹The Commission mails the annual reporting forms to carriers in January of each year. The completed forms are due by April 1 of each year.

4. Order that CCME's proposed terms and conditions and rate schedules contained in ME P.U.C. No. 1 shall be effective on the date of this Order; and
5. Order that CCME shall comply with all applicable rules of the Commission.

Dated at Augusta, Maine, this 11th day of April, 2002.

BY ORDER OF THE COMMISSION

NOTICE OF RIGHTS TO REVIEW OR APPEAL

5 M.R.S.A. § 9061 requires the Public Utilities Commission to give each party to an adjudicatory proceeding written notice of the party's rights to review or appeal of its decision made at the conclusion of the adjudicatory proceeding. The methods of review or appeal of PUC decisions at the conclusion of an adjudicatory proceeding are as follows:

1. Reconsideration of the Commission's Order may be requested under Section 1004 of the Commission's Rules of Practice and Procedure (65-407 C.M.R.110) within 20 days of the date of the Order by filing a petition with the Commission stating the grounds upon which reconsideration is sought.
2. Appeal of a final decision of the Commission may be taken to the Law Court by filing, within 30 days of the date of the Order, a Notice of Appeal with the Administrative Director of the Commission, pursuant to 35-A M.R.S.A. § 1320(1)-(4) and the Maine Rules of Appellate Procedure.
3. Additional court review of constitutional issues or issues involving the justness or reasonableness of rates may be had by the filing of an appeal with the Law Court, pursuant to 35-A M.R.S.A. § 1320(5).

Note: The attachment of this Notice to a document does not indicate the Commission's view that the particular document may be subject to review or appeal. Similarly, the failure of the Commission to attach a copy of this Notice to a document does not indicate the Commission's view that the document is not subject to review or appeal.
